

## SABLEFISH REWARDS PROGRAM 2017-2018

The Canadian Sablefish Association (CSA) in collaboration with Fisheries and Oceans Canada (DFO) collects scientific data on BC's sablefish stocks as part of a sablefish research program to support the sustainability of BC sablefish fishery.

### TAGGED SABLEFISH PROGRAM

CSA/DFO attach yellow plastic tags below the first dorsal fin of Sablefish caught on the annual survey. Tag return data helps to monitor migration, estimate abundance and inform harvest advice.

Each tagged sablefish returned will be entered in the annual CSA draw each June for four cash prizes of \$2,000 each. There will also be a single \$2,000 cash prize for the largest tagged sablefish returned. Each tagged sablefish will also earn 1 point valid toward items in the *Sablefish Rewards Catalogue*.

#### WHEN YOU CATCH A TAGGED SABLEFISH

At the end of your trip, bring the whole sablefish, frozen with the tag in, to your dockside validator who will enter each tagged sablefish in the prize draw, record reward points for your vessel and retain the sablefish for biosampling.

Tagged sablefish returns will not count against your vessel's quota.

### SABLEFISH BIOSAMPLE PROGRAM

Commercial catch samples from the trap and longline sablefish fishery provide important data on sablefish length, weight, age, sex, and location that are important to understanding key sablefish population dynamics which inform the management model, annual stock assessment and harvest advice.

For each sablefish biosample delivered, vessels will earn 20 points valid toward items in the *Sablefish Rewards Catalogue*.

**TO OBTAIN YOUR SABLEFISH BIOSAMPLE KIT**  
(longline & trap vessel instructions, logbook and tags)

please contact  
BIRGIT GETTINGS at AMR
